

ABOUT ARH

COMMITTED TO INNOVATION QUALITY AND CUSTOMER SERVICE

ARH INC.

As an essentially innovation-driven company, the success of ARH lies in its strong focus on continuous research and development to create new technologies and in its ability to apply these achievements to meet continuously changing customer demands.

When you do business with ARH, you are backed by over two decades of expertise and hands-on experience in optical character recognition (OCR) and imaging technologies. The know-how of ARH is manifested in two main product lines:

- Automatic number plate / license plate recognition (ANPR/LPR) software and purpose-built cameras optimized for such applications
- ID scanners with high-end OCR and authentication software for the automatic processing of identity cards, driving licences and passports
- ARH's Intellio brand offers complex surveillance systems featuring cameras and video management software
- Intelligent Traffic Solutions (ITS) offers integrated turnkey solutions with multi-sensor traffic monitoring as well as a scalable, flexible, robust and super-fast central system to store all records including visual data

The name ARH stands for Adaptive Recognition Hungary that reflects to the state-of-the-art OCR know-how of the company and its Hungarian origin.
